Garden Art Safari

Activity #: 382007-A **June 22-26**
Art lessons focus upon the elements in a garden such as soil, plants and pollinators and artistic styles and techniques that lend themselves to a garden environment. Students will explore the tactile elements of garden life. This is a wonderful art and science program in which the art is all about this special environment!

Museum Magical Mystery Tour

Activity #: 382007-C **July 6-10**
Who is our mystery artist? You will be a sleuth and collect clues while exploring artwork of great artists like Cezanne, Johns, Korky Paul, O'Keeffe and more. We will travel virtually to museums around the world where we'll learn new techniques, interesting art words and facts and create our own masterpieces! But pay attention to the facts – they point to the mystery artist!!! There will be games, activities, artist trading cards and the Abrakadoodle Studio 2 Challenge Book as well as take home materials for you to use to create at home! So come join the fun and figure out the mystery!

Art Rocks!

Activity #: 382007-E **July 20-24**
The stage is set for rock artists everywhere! Art Rocks combines fun music and energetic art for a wildly creative adventure. Campers will make musical instruments, learn about rhythm and create some music of their own! They'll design a poster promoting a concert, as well as a unique label for a new CD. These rock artists will create their own rock art, design mystifying paintings to music and try their hand at melodic action painting. So come into the spotlight for a rocking good time!

Drawsters Cartoon Creations

Activity #: 382007-H **August 10-14**
Abrakadoodle takes cartooning to a whole new level by incorporating cartooning into the creative process. Campers learn the art of cartooning, including imagining and sketching characters, preparing animation cells and discovering the creative process for comic strips and animation. With games, music and activities sure to please, this cartoon camp is sure to leave campers grinning ear-to-ear!

Fees: R: \$200 / NR: \$210
Location: Mary Ellen Henderson Middle School

Radio Drama and Acting Bootcamp

Activity #: 382101-F **July 27-31**
Campers will produce original "live radio" dramatic shows using professional sound equipment. Students will collectively write their own scripts, either from their imaginations or by adapting favorite published works such as short stories. In the "Acting Bootcamp" component of the course, students will learn the theatrical protocols, practices, work habits, and ethics that distinguish the seasoned performer from the novice. They will learn, by experience, the interdependent roles of writer, director, actor, designer, and technician.

Fundamentals of Improvisation and Physical Comedy

Activity #: 382101-G **August 3-7**
Campers will learn the basic techniques to improvise scenes and dialogue and to perform sketch comedy "on their feet". Awkward self-consciousness is replaced by confident self-awareness. Students work in an ensemble full of mutual support, acceptance, and cooperation. The physical comedy component stresses safety and the "physical trust" actors achieve in order to "sell the illusion" of conflict. Students learn aspects of "slapstick" comedy and *Commedia del 'Arte*.

Advanced Improvisation and Performance Skills

Activity #: 382101-H **August 10-14**
Campers bring their improvisational skills to performance level. Further techniques in stagecraft, such as control of the audience's focus and the elements of interesting staging, are developed. Participants in this session are strongly advised to attend prior E.T.C. camps, or to have some familiarity with the basic concepts of improvisational theatre. If prospective campers are new to E.T.C., the program director will consider other relevant theatrical experience in fulfilling this pre-requisite.

Fees: R: \$325 / NR: \$335 (R: \$265 / NR \$275 for session B)

Location: George Mason High School

Red Hot Robots

Activity #: 384001-B **June 29-July 2 (no camp July 3)**

Learn about the uses of robots in the world. Spend time playing with our super cool red-hot robots. Use your skills to build your very own working robot to take home to "live" with you. Following are some topics you will explore during this fun four-day camp. These are only a sample of some of the activities that you will be doing each day. All through the week, the camper will be building his or her own robot to take home with them!

Earth, Space, and Beyond

Activity #: 384001-C **July 6-10**

Mad Science invites you to decipher the world around you. As young astronauts, we will explore the mysteries of the solar system. How do astronauts live and work in space? The sun, moon and the stars are only a few of the things that must be dealt with on this Mad Science space mission! Use Morse code to send secret messages to your friends. We'll learn the basics about water pollution, acid rain and the benefits of solar energy. By recycling your own garbage you will get to make your very own paper to take home!

Science in Motion

Activity #: 384001-D **July 13-17**

Discover how things move with science. Take apart pellets to see what an owl cannot digest! View the world through a camera obscura that you make yourself. Join a team of camper engineers and build bridges, domes, cubes, and pyramids. Assemble and control pulleys, levers, catapults, and simple machines. Make your own sidewalk chalk, crystal gardens, and chromatography-dyed T-shirt!

Crime Scene and Chemistry

Activity #: 384001-F **July 27-31**

Mad Science introduces you to life in the form of cells and organs and how the science behind life can help you solve a crime! Discover the secrets behind batteries and design marshmallow molecules! Conduct electricity and power a Mad Science whirligig. Experience blood pumping through the heart and air moving through the lungs. Use ooey-gooey ingredients to build a model cell & use your own traits to decode & decipher your DNA.

3-2-1... Blast Off

Activity #: 384001-G **August 3-7**

This action-packed week will focus solely on rockets and the physics of rocket flight. After learning the model rocket safety code, campers will build a number of different rockets and participate in the launching, mission control, propulsion and finally recovery of the rockets they build. Campers will be divided into three groups: altitude trackers, launch preparation, and launchers. Every camper will have an opportunity to try all three.

NEW!

Little Dragons Tot Karate Camp

The Little Dragons Half Day Camp is an opportunity for tots to experience the joys of martial art on a modified level. This camp is a mini version of our "Secrets of the Ninja—A Warriors Call" camp. Kids are thrust back in time to Medieval Japan where they become part of the king's elite "Ninja Turtle" force. It is a fun way to learn about other cultures as they get introduced to: martial arts, fitness, balance, special awareness, positive social skills, team work and more! We've even added time for arts and crafts, short hikes, and to be read to.

When:

381409-A June 22-26 1pm-4pm

381409-C July 6-10 1pm-4pm

381409-H August 10-14 1pm-4pm

Ages: 3-5 (must be potty trained)
